WHEREAS, public safety requires the control and regulation of the operation and maintenance in the City of vehicle driving schools, institutes and/or training schools for motor vehicles services;

WHEREAS, operators of these driving schools, institute or training school allow the indiscriminate use by their students and/or trainees of any roads, streets, highways and thoroughfares in total disregard of traffic conditions on busy streets, roads and highways which oftentimes causes traffic disturbance and at times triggers traffic accidents;

WHEREAS, it is the primary concern of the City Government to minimize if not prevent damage to property and injuries to persons by reason of the use of roads, streets, highways and thoroughfares by motor vehicle student drivers and/or trainees;

WHEREAS, it is only thru proper regulation that the public may be protected from any ill effects of the use of the road by such drivers and/or trainees;
