"The State shall, by law, and for the common good, undertake, in cooperation with the private sector, a continuing program of urban land reform and housing which will make available at affordable cost, decent housing and basic services to underprivileged and homeless citizens in urban centers and resettlement areas. It shall also promote adequate employment opportunities to such citizens. In the implementation of such program the State shall respect the rights of small property owners."

WHEREAS, socialized housing is one of the programs or projects of the Quezon City Government and other national agencies to give the underprivileged and homeless citizens the opportunity to own affordable houses and lots or homelots only through community mortgage, housing loans and other modes of housing/land acquisition;

WHEREAS, as a highly urbanized city, Quezon City has a huge number of informal settlers, including renters and sharers and those living in the so-called danger zones, who have no adequate shelter, and are merely occupying either government or privately-owned lots;

WHEREAS, the problem on housing becomes a potent avenue for professional squatters and squatting syndicates to take advantage of the idle, vacant and unguarded real properties of the government and private owners for personal gain;

WHEREAS, the Quezon City government and other agencies of the national government and the private sector, are undertaking socialized housing programs by making available to the poor or qualified beneficiaries decent housing or adequate homelots at affordable cost through community mortgage, direct sale, housing loan and the like;

9

WHEREAS, despite the sustained and vigorous efforts of the city government to provide decent and affordable housing units and to acquire homelots for their inhabitants, there are potential beneficiaries who could have met the qualifications of socialized housing but who unjustifiably and deliberately refuse to be covered by the housing program of the government. These people are commonly called "non-conformist occupants" and/or "recalcitrants";

WHEREAS, it has been observed that many government projects involving socialized housing are hampered and prejudiced due to the unabated activities of non-conformist occupants or recalcitrants. Consequently, the city government and the qualified beneficiaries have suffered tremendous losses considering that to carry out the program it will take so much time and entail large amount of money for the preparation and approval of subdivision plan, land survey, architectural design, re-blocking, provisions of basic services and facilities and other related expenses;

WHEREAS, under Section 458 of Republic Act No. 7160, otherwise known as the Local Government Code of 1991, the City Council is empowered to enact ordinances x-x-x for the general welfare of the city and its inhabitants.

NOW, THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF QUEZON CITY
IN REGULAR SESSION ASSEMBLED:

It also includes those who instigate or persuade other potential qualified beneficiaries not to recognize or avail of the said program.

9

- b. "Recalcitrant" - refers to those who become beneficiaries but later on deliberately and unjustifiably disobey the existing policies and rules of the socialized housing program or who do not comply with the payment of their dues, monthly amortization and other legal fees.
