WHEREAS, as the accreditation of NGOs and POs is a continuing process, and in the vigorous pursuits of its task to evaluate and examine every application submitted to the committee so as to ascertain compliance with the requirements prescribed by existing rules and regulations, the committee thru the Community Relations Office (CRO), has received some 562 applications from various people's and civil society organizations including professional and business groups during the period September to November 2004;

WHEREAS, these applications were submitted by the CRO to the Office of the City Secretary for preliminary evaluation on various dates, upon agreement by the Committee members;

WHEREAS, the committee, in a meeting conducted on October 5 and 28 and November 4, 2004, for the final processing, review and evaluation of these applications, found that of a total of 562 applications filed and received by the Committee during the period September to November 2004, 449 applicants have submitted adequate requirements and, therefore, are qualified for accreditation, while 112 other failed to satisfy the requirements and were, accordingly, informed and requested to correct the deficiency or to complete the prescribed requirements. Two (2) more applications are pending amicable settlement by the contending parties on the contentious issue relative to the validity of the creation of their respective organizations, as suggested by the committee during its meeting on November 2, 2004.
