WHEREAS, Quezon City is empowered to enact ordinances for purposes set forth in the Local Government Code of 1991 (RA 7160) and prescribe reasonable regulations to protect the lives, health, and property of its constituents and maintain peace and order within its territorial jurisdiction;

WHEREAS, on April 23, 1964, the 8th Quezon City Council enacted Ordinance No. 5852, S-64 requiring a six (6) percent mandatory open space for any proposed subdivision be turned over to the City, without lien or encumbrance, as a condition for the approval of the subdivision plan.

WHEREAS, Presidential Decree No. 1216 defined the term "open space" in residential subdivisions to mean areas reserved exclusively for parks, playgrounds, recreational uses, schools, roads, places of worship, hospitals, health centers, barangay centers and other similar facilities and amenities;

WHEREAS, Section 2 of Presidential Decree No. 1216 amending Section 31 of Presidential Decree No. 957 likewise compels the owner/developer of any subdivision to donate its roads, alleys, sidewalks and playgrounds to the City;

WHEREAS, in the same case, known as the White Plains Doctrine, the donation of the "open space" by the owner/developer to the government constitutes A MERE FORMALITY. However, the standard practice is that a developer must, among its mandatory obligations, develop the road lots in its subdivision before it can turn over the same to the government by way of donation;

WHEREAS, Section 30 of Ordinance No. SP-56, S-1993 explicitly provides that upon issuance of the Certificate of Completion by the City, or at the time the subdivision owner/developer starts selling subdivision lots, whichever is earlier, all road networks in the subdivision must be open to and made accessible for free passage/use by the general public;

Handwritten signatures and initials, including a large stylized 'S' and a signature that appears to be 'S'.

WHEREAS, numerous reports from the City Engineering and General Services Departments reveal that many real estate and subdivision owners, developers and operators have abandoned their obligations to properly maintain subdivision roads, drainage systems, lighting systems, and similar basic requirements, thus, endangering the health and safety of home and lot buyers;

WHEREAS, in instances where a subdivision owner or developer has been dissolved or ceases to exist, the City Government can no longer compel the same to officially turn-over roads, alleys and other open spaces, pursuant to Section 2 of Presidential Decree No. 1216, hence the need for the immediate enactment of this ordinance.

NOW, THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF QUEZON CITY IN REGULAR SESSION ASSEMBLED:

SECTION 1. DECLARATION OF POLICY. – It is the policy of the Quezon City government to ensure that all abandoned roads, alleys, open spaces, and excess lots located in subdivisions within the territorial jurisdiction of Quezon City are properly maintained and preserved for public use.
