WHEREAS, during the special session convening the Legislative-Executive Development Committee held on January 28, 2015, Mayor Herbert M. WHEREAS, the Quezon City Tourism Development Plan (QCTDP) for the period 2012 to 2020 was developed by the Office of Vice Mayor Ma. Josefina G. Belmonte and presented to Mayor Herbert M. WHEREAS, the City Council approved Resolution No. SP-5763, S-2013, on June 24, 2013, adopting the QCTDP, which identified potential tourism districts combining multiple barangays within strategic tourism boundaries. WHEREAS, QCTDP provides that the tourism districts were chosen based on their inherent advantages, unique character, and tourism potential vis-à-vis other areas in the City. Development of these areas will include programs and projects with regard to accessibility, mobility, security, incentives to attract specific businesses, and structural and aesthetics enhancement that would transform these places into attractive and viable tourist attractions;

WHEREAS, the Quezon City Council recognized the economic and tourism potential of Banawe Street in Quezon City when it approved Resolution No. SP-3039, S-2005 on August 23, 2005 declaring the area as Quezon City Chinatown in view of the feasibility study conducted by the Quezon City Planning and Development Office, which sought to improve the physical environment of the area for tourism and strengthen its economic base through a strong partnership between the City and the community.

WHEREAS, the City Council enacted Ordinance No. SP-1573, S-2005, on September 20, 2005 declaring Banawe Avenue as the Banawe Special Economic Growth Area (Banawe Filipino-Chinese Business District), and appropriated funds for its development;

WHEREAS, the Quezon City government inaugurated two landmark arches in Banawe Street on October 2, 2013 marking the establishment of the area as the Chinatown of Quezon City and as a world-class Chinatown hub;

WHEREAS, aside from being widely known as the "Autoparts Capital of the Philippines" because of the concentration of car parts shops and accessories sales centers in the locale, Banawe Street has also been identified by the Filipino-Chinese community as an area of prosperity based on feng shui, thus a viable place of resettlement for the community, and home of authentic Chinese restaurants as the counterpart of Binondo in the City of Manila;

WHEREAS, considering the invaluable contribution of the Filipino-Chinese community in Banawe Street to revenue and employment generation, the City government deems it proper to support the community in terms of site development, security and other improvements to foster growth and progress in the area as one of Quezon City's tourism districts.
